The screenshot shows the homepage of the Exodus Life website. At the top is a navigation bar with links: Team, Education, Recovery Services, Video, Documentary, Community, Restoration, Donate, Events, and Blog. Below the navigation bar is a large banner with the heading "WE ARE RETHINKING REENTRY" and a subheading "Half of parolees return to prison, but we believe there's a way out for life." The banner text explains that Exodus Life believes a significant number of returning offenders would not recidivate if they were equipped with life skills, had a career plan, and were supported during their transition. It states that studies show recidivism and addictive behavior decrease as education, employment, and community involvement increase. Exodus Life is committed to supporting three phases: Education, Building a Community Network, and Restoration (experiencing a successful life).

Below the banner are three columns, each with an icon and a title:

- EDUCATION** (Icon: Graduation cap): A rigorous 3 month experience that gives our students a mindset and plan to stay out for life.
- COMMUNITY** (Icon: Group of people): A support system to help Exodus Academy graduates begin the move back to "life."
- RESTORATION** (Icon: House): A learning community partnering to train and restore academy students to our communities.
